Your First 30 Days

Brand, Clients & Practical AI

A clearer service. A better conversation. A next step you can use.

CARLOS “TULPI” TURPEAU

ONE AUDIENCE

Beauty professionals responsible for client communication in a service business, including licensed practitioners and owner-operators.

ONE OUTCOME

One reviewed action map: a clear service statement, a respectful client message and one dated action supported by a human-checked AI draft.

---

01 **Brand with direction · 4 minutes**
Say what you actually help people do.

02 **A useful client conversation · 4 minutes**
Listen before you recommend.

03 **Practical AI. Human decision. · 6 minutes**
Keep the judgment. Improve the draft.

15–20 minutes estimated; completion time has not yet been measured with learners.

Carlos is a South Carolina-licensed barber instructor, registered barber and bilingual educator based in Greenville. Founder of Tulpi The Barber and United Multimedia, he connects professional practice with communication, brand development and responsible technology.

For institutional review: identify one priority audience need, name a reviewer and agree the pilot boundary, review window and contributor terms before a member-facing release.
